

Forres, December 2009

World Championships Argentina.

Maree McDonough and Greig Sim were part of the Scotland Squad that travelled to Mar del Plata, Argentina to take part in one of the biggest World Championships held in the last 20 years. Maree did herself and the club proud by winning Bronze as part of the Female Power Team. They were tied for 1st place until the eliminators where sadly they lost out to Poland (Gold) and Norway (Silver) She also made it to the quarter finals in Team Sparring where they lost the last match to miss out on a semi final place. Greig's biggest fight was to make the weight division, which with the help of his parents and others in the club, he managed to step on the scales bang on the weight.

He fought against Ireland in the first round gaining a draw and then went on to win the bout in extra time. His next fight was against the much fancied German and he gave a really good account of himself before losing on a split decision. This was a tremendous occasion for both Maree and Greig with an atmosphere that would be hard to recreate on this side of the world. Please check out the web site with many photos etc www.tkd-itf.org and follow the link to world championships.

Awards Night

Many thanks to all who attended our annual awards night .We hope that everyone had a great night and look forward to next years one already. A big thank you to all who made a donation for the raffle prize and helped organize the evening.
